1. Refer to the diagram below. On which routers can you enable summarization in OSPF?

   (Answer: Any ABR router)

2. What protocol do the following statements describe?

   ▪ Integral to IPv6

   ▪ Every node that implements IPv6 must fully implement this protocol.

   ▪ Many IPv6 functions utilize this protocol e.g. MTU path discovery, and neighbor discovery, etc.

   (Answer: ICMPv6)
